Screenings for sellers

Upload your content

Showcase your programmes and projects in the **Screening Library**.

Upload videos, images and key information to help **buyers discover** and evaluate your content before and during the market.

Easily upload
your content

Screenings for sellers

Upload your content

For each programme or project, you can add **key information**, upload promotional images and video content to help **present your titles** in the best possible way.

Click to add your screenings

Be sure to save your content

Screenings for sellers

Purchase more credits

You'll need the **appropriate credits** to upload content:

Programme Credits – Content that is completed and available for sale.

Project Credits – Content seeking financing or co-production.

Credits can be purchased through the **Company Hub in Atlas**.

Easily purchase more credits

Screenings for sellers

Track your performance

See who's engaging with your content through **live reporting**.

Monitor views, track buyer activity and **measure the performance** of your programmes and projects throughout the market.

Measure
performance

Deadlines

Important: To ensure your content is included in the **MIPJUNIOR Catalogue**, all programme and project listings must be fully completed by **24 September**, including programme information, images and videos.

From this date, the **Screening Library** will open and your content will be visible to buyers. Please note that any programme or project credits purchased after **24 September** will not be included in the printed MIPJUNIOR Catalogue available to buyers, but your content will still appear in the online Screening Library platform.
